begins with a historical perspective of the English language and gradually moves on to delineate its evolution, over the centuries, into the present non-native English. The entire text is divided into five parts: first one treks through challenging terrains of English grammar with consummate ease and it familiarises the users to these aspects of grammar in the context of the special purpose that the book addresses at the world level. Deals with ` sentence ` and its varieties; aims at developing other major language learning skills particularly reading and writing. The various chapters are meaningfully integrated with the field of nursing and medicine. At the middle and end every chapter exercise charts for practice are given. Table of Contents Part I 1 Brief Introduction to English About the English Language 2 The Sentence Types Parts of a Sentence Phrase and Clause 3 Parts of Speech 4 All About Nouns Kinds Gender Number 5 All About Adjectives Kinds Formation of Adjectives Degrees of Comparison Articles 6 All About Pronouns Types 7 All About Verbs Types Active and Passive Voice Tense Infinitive Participle Gerund Strong and Weak...
