Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the PREFACE. This handbook is intended for the use of young beginners in their elementary practice with watchwork. The technical terms will be useful for reference to many who are older hands; the technology of the horological art having been somewhat neglected till quite recently. The early chapters embrace information on the repair and adjustment of watchwork which I wrote for the guidance of young beginners, and published intermittingly in a periodical. Several readers urged that this matter should be reproduced in book-form, and assured me that it would benefit a wide circle of young jobbers and have a large sale. The Glossary of Terms used in Watchwork, which forms a large portion of this book, was prepared several years ago, and forms part of what was intended to be a comprehensive treatise on Practical Horology.
