Modern Methods of Teaching Biology

By D D Agarwal

Sarup. Hardbound. Book Condition: New. Contents: 1. The value of observation of living things. 2. Special difficulties inherent in the teaching of biology. 3. Adaptation of the teaching to different ages. 4. Suggestions for continued observation. 5. Suggestions for expeditions. 6. Record making. 7. Methods of approach to the teaching of biology. 8. The biology syllabus and its treatment. 9. The pupil's records; the teacher's evaluation. 10. Practical work in biology. 11. The biology laboratory and apparatus. 12. Textbooks and the biology library. 13. Visual approach to the teaching of biology. "Epoch making changes have taken place in the discipline of biology and it is natural that these developments are reflected in the methods of teaching biology at the secondary level. In a country like India which has developed as a third scientific and technological man power in the world, it is highly important that methods of teaching biology keep pace with the advancement in biological science. The book fulfils the need in a very appropriate way." (jacket) No. 24716 268 pp.
