Complete guide! Its such a great study. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.These pieces are distinct in many ways. Many were written as a single mother in the city, hoping one day for her happily ever after. Some were written as a lost woman-child, wandering through the world alone, without guidance, without family, loving things she found in her travels, getting hurt by things she loved, trying to find her way. A lot of them were created as a form of therapy, a response to pain, heartbreak or loss. That s why I decided to describe this collection as saving my life. Some turn to harmful behavior, I turned to my pen and paper or laptop. Although birthed in agony, in many of my pieces, you ll see hope mingled with the tears. I thought fervently about what to include and how to order my writings to make this work cohesive and to have it flow nicely. In the end, I decided to leave the various topics scattered and intact, much like our lives typically are-scattered, yet hopefully, intact.
