Brand New Book ***** Print on Demand *****.Excerpt from Popular Telegraph Instructor: A Rudimentary Treatise on the Art of Telegraphing This work is written with a view to popularize the Art of Telegraphing and for the use of beginners, in the hope that a more general knowledge of the system may lead to more extended usefulness of this modern mode of communication. The acquisition of this art need not be looked on as a necessity for becoming a telegraph operator alone, but as a necessary element of education for Military, Naval, and Civil Service Appointment; for Railway Business; Bankers and Brokers Offices, and all large commercial establishments, where telegraphing is now adopted as an adjunct for facilitating business. The probability of every person having it within their means to have telegraphic communication, at a cost little exceeding their own time for manipulating, makes a knowledge of the art desirable.
