Isi Books, United States, 2014. Paperback. Book Condition: New. Reprint. 222 x 152 mm. Language: English . Brand New Book. Did Muhammad exist? It is a question that few have thought - or dared - to ask. Virtually everyone, Muslim and non-Muslim alike, takes for granted that the prophet of Islam lived and led in seventh-century Arabia. But this widely accepted story begins to crumble on close examination, as Robert Spencer shows in his eye-opening new book. In his blockbuster best-seller *The Truth about Muhammad*, Spencer revealed the shocking contents of the earliest Islamic biographical material about the prophet of Islam. Now, in *Did Muhammad Exist?*, he uncovers that material's surprisingly shaky historical foundations. Spencer meticulously examines historical records, archaeological findings, and pioneering new scholarship to reconstruct what we can know about Muhammad, the Quran, and the early days of Islam. The evidence he presents challenges the most fundamental assumptions about Islam's origins. *Did Muhammad Exist?* reveals: How the earliest biographical material about Muhammad dates from at least 125 years after his reported death How six decades passed before the Arabian conquerors - or the people they conquered - even mentioned Muhammad, the Quran, or Islam The startling evidence that the Quran was constructed from existing materials - including pre-Islamic Christian texts How even Muslim scholars acknowledge that countless reports of Muhammad's deeds were fabricated Why a famous mosque inscription may refer not to Muhammad but, astonishingly, to Jesus How the oldest records referring to a man named Muhammad bear little resemblance to the now-standard Islamic account of the life of the prophet The many indications that Arabian leaders fashioned Islam for political reasons Far from an anti-Islamic polemic, *Did Muhammad Exist?* is a sober but unflinching look at the origins of one of the world's major religions....
